To Whom It May Concern

Name: Thabang Baloyi
Student Number: BLYBON005
Date of Birth: 1996-08-15

It is hereby confirmed that Thabang Baloyi was registered as a student at the University of Cape Town (UCT) from February 2024 to December 2025 for the qualification of Bachelor of Science Honours, specialising/majoring in the following:

Statistics & Data Science

The student has met the academic requirements for the award of the qualification as at 2025-12-15 and is thus able to be employed or proceed with further studies.

The qualification will be conferred and the certificate issued at graduation. The confer date for the graduation session is 2026-03-28. Please note that the confer date must not be confused with the graduation date. The confer date reflects on the academic record and indicates the graduation session the student is eligible to graduate (provided there are no outstanding fees or disciplinaries). The graduation date is the date when the formal graduation ceremony is scheduled. UCT's student system records one confer date per graduation session which means that the first date of the graduation session is used for **all** students and **all** qualifications. While the graduation date might differ from the confer date, it will always occur on or after the confer date and never before. Once approved by Senate and Council, the schedule of graduation ceremonies for the graduation session will be published on the UCT graduation webpage.

The qualification awarded to the student can be viewed using Public Access. A PDF copy of this letter as well as the student's Academic Record can be retrieved by the student via their secure PeopleSoft Self-Service online access.

If students have fees outstanding, they will not be able to access their academic record or graduate. They must liaise with the Fees Office to settle outstanding fees.

For queries, please contact the Student Records Office (contact details above).

Yours sincerely

Kirsten Pryce

OBTAINING MASTER'S DEGREE WITH DISTINCTION (2015015486)

Dear Employer,

I am writing in my capacity as Thabang Baloyi Junior Baloyi's master's supervisor at the University of the Free State to confirm the current status of his master's qualification.

Mr Thabang Baloyi has completed and submitted his master's dissertation, which has undergone the required examination process. He has met the substantive academic requirements for the degree, subject only to the completion and formal approval of the corrections requested by the examiners. This degree will be obtained with distinction, and I am extremely proud of him.

Once these corrections have been accepted and the relevant administrative processes have been completed, he is expected to graduate in December 2026. The remaining corrections form part of the normal finalisation process and do not require him to undertake a further period of study or submit a new dissertation.

Based on the examination outcome, I am confident that Mr Thabang Baloyi will satisfy the outstanding requirements for the degree within the prescribed period. I hope that his current status can therefore be taken into consideration when assessing his eligibility for the position, particularly where a master's qualification is an appointment requirement.

Please feel free to contact me should you require any further information or formal confirmation regarding his academic status.

10 September 2026

Sincerely,

Dr Jan Blomerus – Programme Director and Actuary
